To,
Abhijeet Mohan Gidde

Subject: Allotment of Front-End Development Live Project Internship

We are delighted to offer you an **Industrial Internship in Front-End Development**, where you will have the opportunity to work on Live Projects that mirror real-world industry challenges.

Live Project Details:

- **Internship Start Date:** 21 December 2024
- **Company/Organization Name:** ISKCON Sanjeevani - Encyclopedia System
- **Internship End Date:** 21 January 2025

Throughout the duration of this internship, you will work with modern front-end technologies such as HTML, CSS, JavaScript, React.js, Bootstrap, and Git/GitHub, along with deployment workflows. This hands-on experience will help you build a strong technical foundation while contributing to real, live projects.

The focus of this internship is to provide you with hands-on experience in live industry projects, helping you develop essential industry skills. You will receive mentorship and guidance to ensure you not only grow technically but also adapt to professional work environments.

You will be immersed in real-world projects, allowing you to develop your technical abilities, adapt to industry standards, and practice professionalism in a collaborative setting. Additionally, this internship duration may be extended based on mutual agreement and your performance during the initial internship period. We encourage you to actively engage, follow best practices, and work closely with your mentors to make meaningful contributions.

Sincerely,

ananya
